## **DETAILED ACTION**

### ***Allowable Subject Matter***

This Notice of Allowance is in response to the Decision by the Board on December 10, 2005.

Claims 1-36 are allowed.

### ***Examiner's Statement of Reason's for Allowance***

The following is an examiner's statement of reasons for allowance.

This Notice of Allowance is in response to the Decision by the Board on December 10, 2005.

Prior art was found, the combination of Angles, Gerace, and Dedrick, which disclosed many of the features of the Applicant's claims.

However, the Board found that the combination of Angles, Gerace and Dedrick did not render obvious the Applicant's features of the independent claims concerning saving a session ID on a user's computer and retrieving a session ID if saved on a customer computer and creating a session ID if the session ID is not saved on the customer computer or if the session ID that is saved on the customer computer has expired. Also, the combination of the prior art was not found to render obvious personalized content delivery code executing on customer computer that retrieves an identity of the customer from the customer computer, retrieves a session ID from the customer computer, identifies the client and delivers personalized content that is identified.

Art Unit: 3622

Hence, the Board stated that the prior art cited does not disclose the combination of the specific features stated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
